About Ishitei

Furano is located at the center of Hokkaido. Ishitei Furano is beside Furano Station—the entrance of Furano. Although in the city, it's as if you are on the outskirts, giving you the feeling of a good old Japanese home.

Once you enter, the warm space created with the Hokkaido cedar and the modern Italian furnishing and interior, the original space will give you pleasant surprise. Instead of just “staying,” the idea of “living” at ease provides you a new way to devote your time and space.
